

LumiDawg Dawg Eye

LumiDawg Dawg Eye is a modular lighting feature with a Warm White source projecting through a Fresnel style lens, it also has RGB Backlight effect behind the Fresnel lens with pixel control as well as a ring of RGB LEDs around the main lens that can be divided into 6 individually controlled sections. A perfect 'eye candy' fitting with real visual impact. The Retro Mini can be fitted together with the LumiDawg Retro Vertical and Dawg Eye to create different shapes and effects.

Physical

Size of Unit	243 x 125 x 245mm
Item Weight	3kg
